

EDMONTON DAILY CAPITAL

PAVING, BRIDGE & TURBINE

COMMISSIONERS HOLD SPECIAL MEETING THIS AFTERNOON TO CONSIDER HEAVY ORDERS

The city commissioners are holding a special meeting at 2 o'clock this afternoon at which the paving contracts for the year will be let and a 2,000 h. v. turbine engine purchased for the city power plant. Three tenders have been received for paving, ranging in price from \$2.50 to \$2.75 per square yard. These tenders have been in the hands of the city engineer for some time and his report will be before the commissioners at the meeting this afternoon. Commissioners Boulton and Hutchcraft could not say this morning what streets would be paved this year, but intimated that the commissioners would reach a decision on this point this afternoon.

Several tenders for supplying the city with a high pressure turbine engine have been received by the commissioners and these will be opened and the contract awarded this afternoon.

Tenders have also been received for the construction of the east end bridge and these will be opened and discussed this afternoon, but it is probable that a contract will be let. The tender will in all probability be referred to the city engineer for a report and the contract let at a later commission meeting.

The commissioners will also select a new superintendent for the stores and works department, the position left open by the recent death of J. Winchester. There is a large amount of routine business to be disposed of and no meeting has been held this week owing to the civic investigation being in progress, so the indication is that the session will be a very lengthy one.

BUILDING PERMITS PILE UP RAPIDLY

IN TWO HOURS YESTERDAY \$125,000 WORTH OF BUILDING WAS ENTERED—\$56,000 TODAY

Building permits to the amount of approximately \$125,000 were taken out of the office of the building inspector between one and five o'clock yesterday afternoon. Included in this list were permits for the erection of a four-story brick structure on Jasper avenue east, costing \$85,000, and a five-story brick block on Elizabeth street, costing \$65,000, taken out by the city.

Following are the permits which were issued yesterday afternoon: Johnson, \$100; McMillan, Jasper shank, \$100; W. Rees, Clara, shank, \$100; J. H. Fry, Clara, shank, \$100; J. Pandorf, Eastview, shank, \$100; Jackson Brothers, \$100; a factory building, \$55,000; C. N. train from Saskatoon and Jasper shank, \$65,000; T. Buller, Ottawa, shank, \$50.

SCOTTISH KNIGHT VISITOR TO CITY

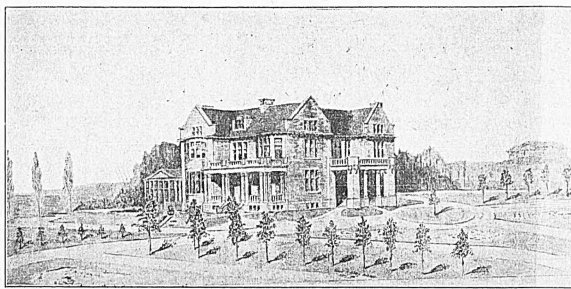

A visitor to the city today is Sir Edward Murray of Scotland, whose Canadian headquarters are represented in the Imperial Tobacco Company, Limited, are in Montreal. Sir Edward arrived in Edmonton this morning on the C. N. train from Saskatoon and is spending a short time in the city on his tour to the coast.

He is connected with a large number of Scottish capitalists who have money invested in all parts of the Canadian west and during his tour of the provinces and British Columbia he is looking after these interests.

On his return to the capital this morning Sir Edward expressed surprise at the advanced state of commercial development in Western Canada. "This is my first trip to the Canadian west," he said "and it appears to me as a truly wonderful country. The only thing we Scotchmen have against it is that its opportunities for enterprise are attracting some of the very best men of Scotland from the business of their own country, and in leaving Scotland they are taking large numbers of capital with them for investment in Western Canada."

Sir Edward is the direct representative of the Imperial Tobacco Company of Montreal.

First Authentic Photograph of the New Gubernatorial Mansions in Edmonton

LIEUTENANT-GOVERNOR'S RESIDENCE WHICH WILL OVERLOOK THE BEAUTIFUL VALLEY OF THE SASKATCHEWAN TO BE AN ARCHITECTURAL TRIUMPH.

From a number of designs of the proposed new government house prepared by A. M. Jeffers, provincial architect, the cabinet have provisionally selected the plans of the proposed residence which is shown in perspective drawing above as the future home of Alberta's lieutenant-governors, to be located in the park-like grounds, 29 acres in extent, in the west end, to be erected in the near future in accordance with the approval of design. The plans, however, have not yet been finally passed. What the cost of the undertaking will be has not yet been divulged, but the mansion when completed will be second to none in the Dominion in the magnificence of its architecture, the elaborate character of its equipment and the beauty of its surroundings.

The site of the new government house was purchased on August 27, 1910, at a price of \$300 per acre, or a total of \$8,700. The government also contributes \$25,000 towards the cost of the steel bridge erected over the Grosz flowing on Athabasca avenue, a bridge which gives immediate access from the Glenora property to the main part of the site. The site is probably the most beautiful residential location that could have been chosen in the city. Overlooking the entire river valley, at a point where the forested banks of the Saskatchewan are seen at their best unspoiled by the vandals hand of industry, the mansion upon which the gubernatorial mansion will arise stands in full view of the parliament buildings, of the university across the river, and the

most desirable sections of both Edmonton and Strathcona. Twelve acres of land on the plateau have already been grubbed and cleared and levelled and the whole of the underbrush down the slope towards the river on the south and the ravine on the east has been cleared away. Broad driveways passing through state avenues will form the approaches to the lieutenant-governor's residence. Two such driveways are now being cut through the hillside from the flats, which extend down to the river bank, and the approaches from the north will be completed later in the season. Next year the acres surrounding the mansion will be converted into a park, with lawns and terraces, and well-kept flower beds.

GRAND TRUNK PACIFIC WILL CLOSE STREETS TO BUILD NEW DEPOT

NO HOLIDAY SATURDAY
At an executive meeting of the Grand Trunk Pacific Railway Association held yesterday, a resolution was adopted to the effect that the streets would be kept open on Saturday, the 2nd inst., the King's birthday, on account of the recent holidays.
24th and Arbor day and the approaching holidays, Coronation day and Dominion day.

STATISTICAL MAY VERY MERRY MONTH

EDMONTON'S RETURNS A GLAD STORY OF MATERIAL PROGRESS AND RAPID GROWTH

Statistically speaking, the month of May has been a very merry one for Edmonton. On top of the enormous bank clearing gains announced yesterday, which put Edmonton at the top of the list for the Dominion, comes the report this morning that the street railway is now on a paying basis, and along with this is the assurance that the land office statistics, which probably more than anything else indicate the material progress of the city and district, are more than satisfactory, while the immigration hall is doing a very large and lively business in human beings.

Land Office Statistics

While not quite so large as during the boom month of April, when the largest number of settlers into the Edmonton district took place, the land office figures for the month which closed yesterday show one of the biggest months on record in respect to home-sites, entries, and general land-office business.

During the month no fewer than 824 entries were received, 792 of these being entries upon free homesteads, 22 flumes granted free, while 2 pre-emption and 23 South African scrips, make up the balance of the entries. The total number of entries in May, 1910, was 899, and in April, 1911, 599.

During the month just closed, 167 applications for patents were received, applications for cancellation numbered 125, 250 entries were cancelled, a total of 8663 letters were written by the department, and 7144 were received.

June Opens Lively at Immigration Hall

The month of June has opened with a lively day at the immigration hall, the first of the month having been there before 10 o'clock this morning. Then of these are Russians from British Columbia and Montana. The others are Germans, Norwegians and Swedes. Yesterday 25 people registered at the hall.

John Graves, who has been engaged as a clerk in the immigration hall for some time, has given up his position there to take a position as head book-keeper with a local firm.

Bank Clearings

Edmonton bank clearings for the week ending today total \$2,472,284.

For the corresponding week one year ago they were \$5,368,879.

WINNIPEG INVOLVED IN BATH TUB MYSTERY

WOMAN FOUND DEAD IN NEW YORK WITH LETTER ADDRESSED TO 'PEG REALTY MAN'

Winnipeg, June 1.—The Tribune today publishes account of another bath mystery in New York. Mrs. Henry C. Shieh, aged 23, being the victim, her husband was seen around shortly before her body was discovered and the police are now endeavoring to locate him. In the dead woman's room, after an empty envelope bearing the request "If undelivered return to Box 1223 Winnipeg, Man." This box is owned by John McKenzie, a real estate agent who knew the married woman well. He says she was Lillian McKenzie, a widow, and a bank agent of Springfield, Mass. Her husband is a traveler. McKenzie met her in New York last week and since then has been trying to get her occasionally and on several occasions has sent her money.

New York, June 1.—Tobacco rose 75 points to 425 the morning following the decision. Excess of other stocks are weak in sympathy.

Tofield Board of Trade Voted Good Coin to Help Fake Promoter's Scheme

MAN WITH VIVID IMAGINATION AND GIGANTIC PROMISES GAVE BEAVER LAKE FOLKS A MOST ALLURING PROSPECT.

He, even alias Even Davin, would-er-er. Pending the conclusion of the board and alleged confidence trial he lies in jail at Fort Saskatchewan on a big sale, whose arrest was effected last Sunday morning on information supplied the agent of the Tofield board of trade who became endeavored to put before the public suspicions of him during his operation in Edmonton last fall and several others in that town for the past three years. When in Edmonton last year he presented to the council plans for a college costing several millions, industrial schools and some other affairs. In Tofield in addition to this plan he sold stock in a coal company, promised to build a hospital, a school and a hotel.

On Monday afternoon in the police court he was charged with having obtained money by false pretences. The trial was adjourned until Monday, June 8 when the case will be finally disposed of.

(Continued on Page Eight.)

Bituminous Limestone Object of the Quest of British Capitalists

ASPHALT EXPERT CONNECTED WITH BIGGEST HOUSES IN EUROPE GOES TO McMURRAY IN SEARCH OF VALUABLE ROAD MATERIAL.

Representing a number of British capitalists of highest standing, H. H. Russell, English asphalt expert and formerly manager of two of the largest asphalt concerns in Great Britain, will leave this city on Saturday in company with A. Violette, of the Fort McKay Oil and Asphalt Co., and will spend six weeks in the north country investigating the mineral resources along the Athabasca river.

Mr. Russell was formerly manager for the La Brea Asphalt Co., of Birmingham, England, and more recently of the Northern Asphalt Co., of Manchester, England, and he is now visiting the west in the interests of an European concern which handles the bulk of the product of the German asphalt deposits, and of the deposits of Trinidad, German and Trinidad asphalt is the only one now in use in the United Kingdom.

"The German asphalt resources are rapidly running down," said Mr. Russell in conversation with a Capital reporter this morning. "They have been used for the past 50 years and are now getting worked out, and the asphalt concerns of Europe are now exerting every effort to find new fields to draw upon. The object of my tour is to determine the extent of the resources in the northern part of Alberta, and to report to our country firms. If they obtain confidence in the resources of the province, practically unlimited

capital will be available for the development of Alberta's mineral wealth." Mr. Violette is of the opinion that a certain bituminous limestone, or rock asphalt, which is perhaps the best of all materials for pavement purposes yet adopted, is to be found in large quantities in the north, and it will be his object during the course of his six weeks' trip to ascertain whether this is actually the case, and which it is believed to be. If bituminous limestone is to be found in the north, it will probably prove Alberta's greatest mineral asset.

"If the impression that I have formed of the mineral deposits of the country along the Athabasca river, to the northeast of Edmonton, is a correct one," said Mr. Russell, this morning, "then the discovery of a large deposit of bituminous limestone which will prove to be the most valuable asset of the province, and which has come in contact with bituminous deposits, and undergo a chemical change, and which is a far more valuable substance than pure asphalt itself. Its value for pavement purposes is enormous, and it makes a far more satisfactory pavement than does a mixture of asphalt and stone, and for this reason the news of the find will be spread throughout the world. It is a substance for which European capitalists have been looking for years past."

PRESBY COLLEGE OPENS IN AUTUMN

SITE FOR NEW BUILDING NOT CHOSEN BUT CLASSES HELD IN TEMPORARY QUARTERS

At a meeting of the board of management of the Presbyterian college to be established in affiliation with the university of Alberta, held in First Presbyterian church this morning, certain points to be pursued in connection with the new college were outlined by Dr. Dyde, the recently appointed principal. The decision was reached to commence classes next autumn in temporary quarters near the university buildings. The work of the college will be carried on in this building until a college building on the university grounds can be erected.

Rev. J. M. Miller, pastor of Knox Presbyterian church, who has been appointed to the chair of homiletics and pastoral theology in the new college, made the name of the new institution, but a poll of the members of the board will be taken on this subject and result will be submitted at the meeting of the board next autumn.

A committee was appointed to secure a suitable building for temporary quarters for the college.

SCARED TO DEATH BY MOTOR CYCLE

FORT WILLIAM WOMAN, FRIGHTENED BY SPEED MANIAC, DIES—HUSBAND NOTIFIES POLICE

Port Arthur, Ont., June 1.—A. W. Wang has asked the police to take action in a case in which he alleges that the death of his wife yesterday was caused by a housewife brought on by a fright caused by a motor cycle whizzing past. Mr. and Mrs. Wang are residents of Port Arthur, he being employed on the police force.

PLenty OF PORRIDGE FROM MOOSE JAW

SASKATCHEWAN MILLING PLANT OPENS WITH MANY DISTINGUISHED GUESTS

Moos, June 1.—Some 2,000 people attended the formal opening of the Saskatchewan Flour Milling Company's oat milling plant, which was held yesterday. From outside points were present. The plant will grind 7,000 bushels of oats daily into the finest porridge meal.

Council will take up Application at an Informal Meeting this evening—Aldermen are Opposed to Granting the Request

At an informal meeting of the council this evening the Grand Trunk Pacific Railway officials will ask the city to enter into an agreement with the company which will provide the closing of McDougall avenue from Clark street to Isabella. No reason has been given by the solicitors for the company for putting in this application but it is rumored that the company intends to erect its station on the east side of McDougall and Clark streets. The request of the company was briefly discussed at a meeting of the council last night and although no decision was reached it is very probable that the application will be turned down.

It was pointed out by one of the aldermen this morning that the granting of the request would mean the cutting off of the direct line of communication between the centre of the city and the new market and as a result the residents on McDougall north of Clark street to the new market would be enormous. The closing of the street would mean that the residents on McDougall north of Clark would be compelled to drive two blocks out of their way every time they wanted to reach the centre of the city while the same would apply to parties residing on McDougall south of Isabella, who might desire to visit the new market site. The closing of the street would shut off one of the main thoroughfares to the north and it is for this reason that a number of the aldermen are prepared to vote against granting the application.

"We have granted too many concessions to railways already," said one of the aldermen, "and we do not want any more of our streets broken in two in the middle. It is not good business and will cause a great amount of trouble in the future."

STREET RAILWAY ON PAYING BASIS

BUT CITY HALL DOES NOT KNOW HOW MUCH PROFIT AS NO DEFINITE COST FOR POWER HAS BEEN FIXED—MORE CARS COMING.

According to the amount of business done by the street railway department during the past month, there is little question but that the department is now on a paying basis. During May 187,348 passengers were carried, while the estimated income for the month is placed at \$2,489.10. During the month there was an average of 18 cars per day on the line and during rush hours the department could have made use of several more. As a matter of fact, there were times, Saturdays especially, when there were as many as 21 cars in operation. Other cars are now on the way to the city and within the next few days the department will have a complement of 30 cars.

The revenue of the department can be estimated but as yet it is impossible to find out what the expenses are. This is due mainly to the fact that the department does not know what it is paying for power. This question was one of the first which Commissioner Boulton announced must be settled when he first received the monthly reports which show the revenue and expenses of all the departments, but to date the system has not been worked out in detail, and none of the reports are complete.

RAILWAY MAGNATES TO MEET COUNCIL TONIGHT

ON WHICH SIDE OF MacKENZIE WILL TRACKS BE LAID PRINCIPAL TOPIC FOR DISCUSSION—READY TO BUILD AT ONCE.

An informal meeting of the city council will be held in the council chamber this evening at which a number of controversial points between the municipality and the Grand Trunk Pacific will be taken up in a friendly settlement. Mayor and Vice-President Chamberlain will be present on behalf of the company.

One of the chief points to be discussed will be the location of the company's tracks inside the city limits. According to instructions from the council, the tracks were to be laid on the south side of McKenzie avenue. Some time ago, however, the city council decided that the tracks should be laid on the north side of McKenzie. A few months later, after an instruction from the council, the commissioners again entered into negotiations with the company with a view to getting them to remove their tracks from McKenzie avenue entirely. The company now has a large amount of ties and other construction material piled on the street and do not want to commence actual construction until an agreement is reached as to where they are to lay their tracks.

The council met last night and discussed this as well as a number of other controversial points and decided what side the city should take on the McKenzie avenue question. A number of aldermen are of the opinion that the city should propose to do none of the aldermen will commit themselves, until the meeting this evening.

The meeting last evening was held in a room at the city hall and was attended by a number of city officials. The railway officials are anxious for a camera session tonight. A number of aldermen, however, have decided that inasmuch as the question is of public interest, and both sides will take part in the discussion, that the meeting will be open to the public this evening.

FIVE THOUSAND IMMIGRANTS HAVE ARRIVED AT QUEBEC

Quebec, June 1.—Over 5,000 immigrants arrived here by six different steamers yesterday. Fully three quarters of these newcomers are from the west. So far this season the number of immigrants landed here is 33 per cent in excess of all records.

BROTHERS WED SISTERS IN FASHIONABLE BOSTON CHURCH

Toronto, Mass., June 1.—Two brothers figured as the bridegrooms and two sisters as the brides in a double wedding ceremony performed today in the fashionable Second Church. The Misses Annie and Mabel Vose became the brides, respectively of Kara and Malcolm Eaton. All of the young people are well known in Boston society.

PAVING, BRIDGE & TURBINE

COMMISSIONERS HOLD SPECIAL MEETING THIS AFTERNOON TO CONSIDER HEAVY ORDERS

The city commissioners are holding a special meeting at 2 o'clock this afternoon at which the paving contracts for the year will be let and a 2,000 h. p. turbine engine purchased for the city power plant. Three tenders have been received for paving, ranging in price from \$2.80 to \$2.95 per square yard. The tenders have been in the hands of the city engineer for some time and his report will be before the commissioners at the meeting this afternoon. Commissioners Bonhill and Blatchford could not say this morning what streets would be paved this year, but indicated that the commissioners would reach a decision on this point this afternoon.

Several tenders for supplying the city with a high pressure turbine engine have been received by the commissioners and these will be opened and the contract awarded this afternoon.

Tenders have also been received for the construction of the east end bridge and these will be opened and discussed this afternoon, but it is improbable that a contract will be let. The tender will be in all probability referred to the city engineer for a report and the contract let at a later commission meeting.

The commissioners will also select a new superintendent for the stores and works department, the position left open by the recent death of J. Winchester. There is a large amount of routine business to be disposed of, so no meeting has been held this week, owing to the civic investigation being in progress, so the indications are that the session will be a very lengthy one.

BUILDING PERMITS PILE UP RAPIDLY

IN TWO HOURS YESTERDAY \$125,000 WORTH OF BUILDING WAS ENTERED—\$50,000 TODAY

Building permits to the amount of approximately \$125,000 were taken out at the office of the city building inspector between one and five o'clock yesterday afternoon. Included in this list were permits taken out by Jackson Brothers for the erection of a four-story brick structure on Jasper avenue east, costing \$55,000 and another five-story brick block on Elizabeth street, costing \$65,000, taken out by Phoebe and Watson, contractors of this city.

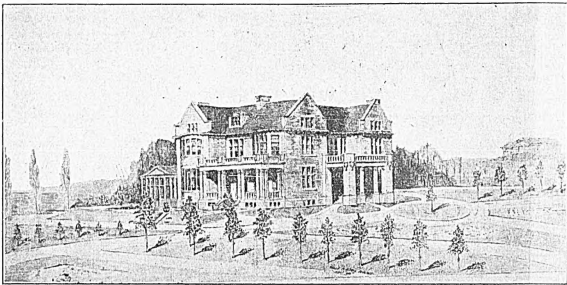

Following are the permits which were issued yesterday afternoon: Johnson and McMillan, Joseph, shack, \$100; W. Howe, Clara, shack, \$200; J. H. Fry, Clara, shack, \$200; J. A. Thompson, Eastern, four-story, \$1500; Jackson Brothers, Jasper, four-story building, \$55,000; Phoebe and Watson, Elizabeth, five-story block, \$65,000; T. Buller, Ottawa, shed, \$50.

He is connected with a large number of Scottish capitalists who have money invested in all parts of the Canadian west and during his tour of the prairie provinces and British Columbia he is looking after these interests.

"This is my first trip to the Canadian west," he said "and it appeals to me as a truly wonderful country. The only thing we Scotchmen have against it is that its opportunities for enterprise are attracting so many of our fellow men of Scotland from the business of their own country, and in leaving Scotland they are taking large amounts of capital with them for investment in Western Canada."

First Authentic Photograph of the New Gubernatorial Mansions in Edmonton

LIEUTENANT-GOVERNOR'S RESIDENCE WHICH WILL OVERLOOK THE BEAUTIFUL VALLEY OF THE SASKATCHEWAN TO BE AN ARCHITECTURAL TRIUMPH.

From a number of designs of the proposed new government house prepared by A. M. Jeffers, provincial architect, the cabinet have provisionally selected the plans of the palatial residence which is the prospective drawing above as the future home of Alberta's lieutenant-governors, to be located in the park-like grounds, 29 acres in extent, in the west end, to be erected in the near future in accordance with the approved design. The plans, however, have not yet been finally passed. What the cost of the undertaking will be has not yet been determined, the elaborate character of its equipment and the beauty of its surroundings.

The site of the new government house was purchased on August 27, 1910, at a price of \$300 per acre, or a total of \$8,700. The government also contributes \$25,000 towards the cost of the steel bridge erected over the Great Valley on Athabasca avenue, a bridge which gives immediate access from the Glenora property to the main part of the city. The site is probably the most beautiful residential location that could have been chosen in the city. Overlooking the entire river valley, at a point where the forested banks of the Saskatchewan are seen at their best, unspoiled by the vandal hand of industry, the plateau upon which the gubernatorial mansion will arise stands in full view of the parliament buildings, of the university across the river, and the

most desirable sections of both Edmonton and Strathcona. Twelve acres of land on the plateau have already been grubbed and cleared and levelled and the whole of the underbrush down the slope towards the river on the south and the ravine on the east has been cleared away. Broad drives were passing through stately avenues will form the approaches to the lieutenant-governor's residence. Two such driveways are now being cut along the hillside from the flats, which extend down to the river bank, and the approaches from the north will be completed later in the season. Next year the acres surrounding the mansion will be converted into a park, with lawns and terraces, and well-kept flower beds.

Tofield Board of Trade Voted Good Coin to Help Fake Promoter's Scheme

MAN WITH VIVID IMAGINATION AND GIGANTIC PROMISES GAVE BEAVER LAKE FOLKS A MOST ALLURING PROSPECT.

Even alias Even Davin, would-of, pending the conclusion of the promoter and alleged confidence trial he lies in jail at Fort Saskatchewan on a big sale, whose arrest was made, being unable to obtain bail. The schemes which he was promoting in Tofield included all that he had. Tofield board of trade who became endeavored to put before the public suspicious of him during his operation in Edmonton last fall and several other works in the north country in weeks, is now imprisoned at Fort Saskatchewan pending further investigation into his activities.

On Monday afternoon in the police court he was charged with having obtained money by false promises. The trial was adjourned until Monday, June 8 when the case will be finally disposed of.

Bituminous Limestone Object of the Quest of British Capitalists

ASPHALT EXPERT CONNECTED WITH BIGGEST HOUSES IN EUROPE GOES TO EDMONTON IN SEARCH OF VALUABLE ROAD MATERIAL.

Representing a number of British capitalists of highest standing, J. H. Russell, English asphalt expert and former manager of two of the largest asphalt concerns in Great Britain, will leave the city Saturday in company with A. Voilette, of the Fort McKay Oil and Asphalt Co., and will spend six weeks in the north country investigating the mineral resources along the Athabasca river.

Mr. Russell was formerly manager for the La Brea Asphalt Co., of Birmingham, England, and more recently of an European concern which handles the bulk of the product of the German asphalt deposits, and of the deposits of Trinidad, Guyana and Trinidad asphalts are the only ones now in use in the United Kingdom.

"The German asphalt resources are rapidly running down," said Mr. Russell in conversation with a Capital reporter this morning. "They have been worked for the past 50 years and are now getting worked out, and the asphalt concerns of Europe are now exerting every effort to find new fields to draw upon. The object of my tour is to determine the extent of the resources of the Northern part of Alberta, and to report to old country firms. If they obtain confidence in the resources of the province, practically unlimited capital will be available for the development of Alberta's mineral wealth."

Mr. Voilette is of the opinion that a certain bituminous limestone, or rock asphalt, which is found in the north at materials for pavement purposes is to be found in large quantities in the north country, to the north of the Athabasca river. It is his six weeks' trip to ascertain whether this is actually the substance which it is believed to be. If bituminous limestone is to be found in the north, it will probably prove Alberta's greatest mineral asset.

"If the impression that I have formed of the mineral deposits of the country along the Athabasca river, to the northeast of Edmonton, is a correct one," said Mr. Russell this morning, "it is a most valuable substance, a bituminous limestone which will prove to be the most valuable asset of the province. It is a substance which has come in contact with bituminous deposits, and under a pavement makes a far more satisfactory pavement than does a mixture of asphalt and stone, and for this reason the news of the find will spread throughout the world. It is a substance for which European capitalists have been looking for years past."

PRESBY COLLEGE OPENS IN AUTUMN

SITE FOR NEW BUILDING NOT CHOSEN BUT CLASSES HERE IN TEMPORARY QUARTERS

At a meeting of the board of management of the Presbyterian college to be established in affiliation with the university of Alberta, held in First Presbyterian church this morning, certain policies to be pursued in connection with the new college were outlined by Dr. Doyle, the recently appointed principal. The decision was reached to commence classes next autumn in temporary quarters near the university buildings. The work of the college will be carried on in this building until a college building on the university grounds can be erected.

Rev. J. M. Miller, pastor of Knox Presbyterian church, Strathcona, was appointed to the chair of homiletics and pastoral theology in the new college. No decision was reached regarding the name of the new institution, but a poll of the members of the board will be taken on this subject and the result will be submitted at the meeting of the board next autumn.

A committee was appointed to secure a suitable building for temporary quarters for the college.

SCARED TO DEATH BY MOTOR CYCLE

FORT WILLIAM WOMAN, FRIGHTENED BY SPEED MANIAC, DIES—HUSBAND NOTIFIES POLICE

Port Arthur, Ont., June 1.—A. W. Ward has asked the police to take action in a case in which he alleges that the death of his wife yesterday was caused by a homicidal maniac brought up by a fright caused by a motor cycle whizzing past her. Mr. and Mrs. Ward are recent arrivals from Winnipeg, he being employed on the police force.

PLENTY OF PORRIDGE FROM MOOSE JAW

SASKATCHEWAN MILLING PLANT OPENS WITH MANY DISTINGUISHED GUESTS

Moose Jaw, Sask., June 1.—Some 2,000 people attended the formal opening of the Saskatchewan Flour Mills Company's old mill plant here. Many distinguished guests from outside points were present. The plant will grind 7,000 bushels of oats daily into the finest porridge meal.

GRAND TRUNK PACIFIC WOULD CLOSE STREETS TO BUILD NEW DEPOT

NO HOLIDAY SATURDAY

At an executive meeting of the Retail Merchants' Protective association held yesterday, a resolution was adopted to the effect that the stores would keep open on Saturday, the 3rd inst., the king's birthday, on account of the recent holidays, 24th and 25th inst. and the approaching holidays, Coronation day and Dominion day.

STATISTICAL MAY VERY MERRY MONTH

EDMONTON'S RETURNS A GLAD STORY OF MATERIAL PROGRESS AND RAPID GROWTH

Statistically speaking, the month of May has been a very merry one for Edmonton. On top of the enormous clearing of the streets, yesterday, which put Edmonton at the top of the list for the Dominion, comes the report this morning that the street railway is now on a paying basis, and along with this is the assurance that the land office statistics, which probably more than anything else indicate the progress of the city and district, are more than satisfactory, while the immigration hall is doing a very large and lively business in human beings.

Land Office Statistics

While not quite so large as during the boom month of April, when the largest number of settlers into the Edmonton district took place, the land office figures for the month which closed yesterday show one of the biggest months on record in respect to homestead entries, and general land office business.

During the month no fewer than 823 entries were received, 792 of these being entries upon free homesteads, 2 filings granted free, while 3 preemptions and 23 South African series, made up the balance of the entries. The total number of entries in May, 1910, was 899, and in April, 1911, 599.

During the month just closed, 167 applications for patents were received, applications for cancellation numbered 135, 250 entries were cancelled. A total of 9663 letters were written by the department, and 7143 were received.

June Opens Lively at Immigration Hall

The month of June has opened with a lively day at the immigration hall, seventeen people having registered here before 10 o'clock this morning. Then of these are Russians from British Columbia and Montana. The others are Germans, Norwegians and Swedes.

Yesterday 25 people registered at the hall.

John Graves, who has been engaged as a clerk in the immigration hall some time, has given up his position there to take a position as head book-keeper with a local firm.

Bank Clearings

Edmonton bank clearings for the week ending today total \$2,417,284. For the corresponding week one year ago they were \$2,368,879.

WINNIPEG MAN INVOLVED IN BATH TUB MYSTERY

WOMAN FOUND DEAD IN NEW YORK WITH LETTER ADDRESSED TO 'PEG REALTY MAN'

Winnipeg, June 1.—The Tribune today publishes account of another bath mystery in New York. Mrs. Henry C. Shieh, aged 23, being the victim, her husband was discovered shortly after her body was discovered and the police are now endeavoring to locate him. In the dead woman's room was an envelope bearing the request "If undelivered return to Box 1223 Winnipeg, Man." This box is owned by John Mackenzie, a local real estate agent who knew the murdered woman well. He says she was Lillian Shieh, a Chinese girl, a native agent of Springfield, Mass. Her husband is a traveler. Mackenzie met her in New York City and knew her there. He has been getting to her occasionally and on several occasions has sent her money.

Council will take up Application at an Informal Meeting this evening—Aldermen are Opposed to Granting the Request

At an informal meeting of the council this evening the Grand Trunk Pacific Railway officials will ask the city to enter into an agreement with the company which will provide the closing of McDougall avenue from Clark street to Isabella. No reason has been given by the officials for the company for putting in this application but it is rumored that the company intends to erect its station on the east side of McDougall and Clark streets. The request of the company was briefly discussed at a meeting of the council last night and although no decision was reached it is very probable that the application will be turned down.

It was pointed out by one of the aldermen this morning that the granting of the request would mean the cutting off of one direct line of communication between the centre of the city and the new market and as a result the damages to the property would be enormous. The closing of the street would mean that all the residents on McDougall north of Clark would be compelled to drive two blocks out of their way every time they would wish to reach the centre of the city while the same would apply to parties residing on McDougall south of Isabella, who might desire to visit the new market site. The closing of the street would shut off one of the main thoroughfares to the north and it is for this reason that a number of the aldermen are prepared to vote against granting the application.

STREET RAILWAY ON PAYING BASIS

BUT CITY HALL DOES NOT KNOW HOW MUCH PROFIT AS NO DEFINITE COST FOR POWER HAS BEEN FIXED—MORE CARS COMING

According to the amount of business done by the street railway department during the past month, there is little question but that the department is now on a paying basis. During May 48,748 street cars were carried, while the estimated income for the month is placed at \$28,390. During the month there was an average of 18 cars per day on the line and during rush hours the department could have made use of seven or eight more. As a matter of fact, there were times, Saturdays especially, when there were as many as 21 cars in operation. Other than the cars which are now being worked out in detail, and none of the reports are complete, a few days the department will have a complement of 30 cars.

RAILWAY MAGNATES TO MEET TONIGHT

ON WHICH SIDE OF McKENZIE WILL TRACKS BE LAID PRINCIPAL TOPIC FOR DISCUSSION—READY TO BUILD AT ONCE.

An informal meeting of the city council will be held in the council chamber this evening at which a number of controversial points between the municipality and the Grand Trunk Pacific will be taken up in a finally settled manner. The council will be informed that the Grand Trunk Pacific agreed to lay their tracks on the north side of McKenzie avenue. Some months later, acting on instructions from the council, the commissioners again entered into negotiations with the company with a view to getting them to remove their tracks from McKenzie avenue entirely.

The council met last night and discussed the matter as well as a number of other controversial points and decided what side the city should take on the question of where to lay the tracks. The council, however, have decided to do none of the aldermen will commit themselves until the meeting this evening.

The meeting last evening was held behind closed doors and the Capital was informed this morning that the railway officials are anxious for a camera session tonight. A number of the aldermen, however, have decided that inasmuch as the question is of public interest, and both sides will take part in the discussion, that the meeting will be open to the public this evening.

FIVE THOUSAND IMMIGRANTS HAVE ARRIVED AT QUEBEC

Quebec, June 1.—Over 5,000 immigrants arrived here by six different steamers yesterday. Fully three quarters of these newcomers are from the west. So far this season the number of immigrants landed here is 33 per cent in excess of all records.

BROTHERS WED SISTERS IN FASHIONABLE BOSTON CHURCH

Toronto, Mass., June 1.—Two brothers sisters as the brides and two sisters as the brides in a double wedding ceremony took place yesterday in the fashionable St. Charles church. The Misses Annie and Mabel Webb became the brides, respectively of Ezra and Malcolm Eaton. All of the young people are well known in Boston society.

Residential Lignite by Auction

At Your
Own Price

WITHOUT RESERVE—WITHOUT LIMIT
700 Choice Level Lots at Your Own Price

Absolutely
No Reserve

J. N. SQUIRES :: AUCTIONEER

Empire Theatre, Friday Afternoon and Evening, June 2nd, 1911

**Auction of the 700 Lots
Starts at 2:30 p.m. and
8:30 p.m., Empire Theatre**

The Great Sale of Lots By Auction

In giving the people of Edmonton "RESIDENTIAL LIGNITE" by auction, RED DEER RIVER LIGNITE COAL & INVESTMENT COMPANY are offering one of the best subdivisions annexed to the fastest growing GRAND TRUNK PACIFIC TOWNSITE. LIGNITE—famous for coal and railways, surrounded by the best land for mixed farming in Alberta. RESIDENTIAL LIGNITE is three blocks from the main street of the town which already has a population of over seven hundred.

Buy at Your Own Price

Buy FRIDAY AFTERNOON AND NIGHT at the EMPIRE THEATRE, where every lot of RESIDENTIAL LIGNITE will be sold by auction, at the price it will bring. This furnishes the poor man with a few dollars the opportunity to practice that "good stroke of business" which has made the rich man of today out of lands. Values are bound to rise and we predict individual buying block after block for investment as we know of nothing surer or better in all Alberta. COAL ABUNDANCE IN LIGNITE.

Do You Know

Anybody who has ever lost any money in buying residential town property where the future of the place is assured? The town of Lignite is making the fastest progress, and development of any of the G. T. P. towns. With two more railways in sight, lots of good water, tons of coal and a bunch of resident boosters, large returns on your money is definite.

Buy Residential Lignite

All lots are guaranteed level, no matter which block you buy, and at what price you pay, you will have lots that will bear the strictest investigation. The location is in the north, and in the very heart of the progressive district, overlooking the town, and the Red Deer River to the south. BUY FRIDAY AFTERNOON AND AVOID VAIN REGRETS.

The
700 Lots
will be sold
by Auction
Absolutely
without reserve
for Cash

At Your
Own Price
Friday afternoon
& evening at the

**Empire
Theatre
Edmonton.**

**Have Your Money in Your
Jeans — Buy One Lot or
Block at Your Own Price**

Clear Title Given on All Lots Purchased

A clear receipt given for your money. In six months' time your lots will double, treble in value. The sales will beat all records. 700 lots will be sold at your own price. There will be no lots reserved, no knocking down if the highest bid is \$20, \$25 or \$100 the person bidding will get the lots and a clear title. The choicest lots in the whole RESIDENTIAL LIGNITE will be sold. Every foot of the property is required for immediate occupation.

You Pay Your Money and Get a Clear Title to your Lots

Lots within a stone's throw of the general stores, hotels, livery barns, barber shops, lumber yards, coal mines and bridge works. Now is your chance to buy, to make a sound and indestructible investment, or to add a lost opportunity to your list. You must make your venture or you will never win. The man who buys one lot, forty, or a hundred in RESIDENTIAL LIGNITE is a shrewd man.

Master Stroke of Business Will be done After- noon and Evening at Empire Theatre

The auctioneer will hand out the 700 lots in the shortest time possible. We predict all Edmonton will be there. The man of thousands will be there. The man who has hundreds will be on hand. The wage earner cannot do better with his savings than to buy RESIDENTIAL LIGNITE, where the coal comes from.

Friday Afternoon and Night the Only Time You can Buy Residential Lignite

At your own price. Good real estate is money; so is time. Buy Friday. Follow the dictates of your own judgment and you will have a day of content in anticipation of buying at your own price, by auction. Friday afternoon and night, RESIDENTIAL LIGNITE.

SURVEYOR HAS AN IMPORTANT TASK

DOMINION ENGINEER WILL COMPLETE LOCATION OF ALASKAN LINE—PERILOUS MISSION

Ottawa, June 1.—To locate the Alaska boundary line from a point inland from Kaktovik Bay to the intersection of the 141st meridian, Mr. Ogilvie, of the interior department, and a party of 15 white men and a number of Indians will leave Ottawa in the near future on the most hazardous venture ever undertaken by the Dominion boundary survey. Inland to the base of Mount Elias is a distance of 40 miles, and the route extends throughout this course, along the Great Malaspina glacier. All the way the journey will be of the most arduous character, up hill and over ice fields which the party will have the utmost difficulty in crossing. The party will be divided into two groups, roped, to ensure the safety of their members, to ensure the safety of the dangerous crevasses. As there is no timber in the country to be travelled on the route, it will be necessary for the party to carry all sledges with them.

DYNAMITERS GET A NICARAGUAN PALACE
Managua, Nicaragua, June 1.—The fortress Ladoma blew up at 4 o'clock yesterday afternoon. The palace and other nearby buildings were damaged. A considerable loss of life is reported.

INVESTIGATION COMMITTEE HAS COMPLETED ITS TASK

Evidence has all been submitted and Committee Adjourns. Will probably Report to Council next Tuesday Night Council will take action Two weeks later

The members of the congregation of St. Paul's church, extend a cordial invitation to all friends to attend the "Farewell Social," being given this (Thursday) evening in the Church room, Kingston, avenue, in honor of Rev. H. H. Summers, who is leaving for the old country next week. Archdeacon Gray is the chair.

The regular monthly meeting of the board of directors of the Young Women's Christian association will be held on Saturday, June 3rd, at 8 p.m., in the Y. M. C. A. Home on Third street. All members of the board are earnestly urged to attend as important business is to be transacted. Any interested in the work cordially invited also.

FORTY MILLIONS IN NEW COMPANIES

INCORPORATIONS IN ALBERTA FOR THE MONTH OF MAY REACH AMAZING FIGURES

Foreign and local companies of an aggregate capitalization of \$10,000,000 have been granted incorporation papers in the province of Alberta during the five months of 1917 which closed at noon yesterday. The total to date is greater by some \$2,000,000 than that of 1916, when for a period of twelve months the total capitalization of companies registered in Alberta was \$31,500,000, and the total number of companies just 300.

Detailed figures for the five months of the present year are as follows: 18 companies have been incorporated in the province during May, with a total capitalization of \$7,700,000, and the 12 foreign and eleven provincial companies which have been registered have an aggregate capitalization of \$8,150,000. Capitalization of foreign and local companies combined since a total for the month of \$15,915,000.

Edmonton companies which have been granted incorporation during the month which closes today have a capitalization of \$2,315,000. The largest individual item in the Edmonton registrations is that of the Edmonton Coal Co., with a capitalization of \$1,500,000. The largest local company of all was the Loughheed Properties, Limited, Calgary, capitalized at \$2,000,000. The provincial directors are Senator Loughheed and Clarence and Norman Loughheed, of Calgary. The Loughheed family is one of the largest landholders in the southern city. Eighth avenue property and other valuable business sites being controlled to a very large extent by this family. The new company will handle all the family realty business.

Another newly incorporated Edmonton company, financed entirely by Edmonton capitalists, is the Pembina Development Coal Co., Ltd., which is registered with a capitalization of \$100,000. The company was organized some time ago to develop a number of acres from the government in the Pembina, and excavation is now proceeding under the direction of the company's engineer, J. Brennan. The provisional directors of the company are John R. McCormack, H. A. Mackie and Stephen J. Loughheed.

The Athabasca Investment Co., Ltd., of Athabasca Landing, at a capitalization of \$50,000, is one of the largest companies of the year registered in the northern town.

The list of Edmonton companies incorporated during the month is as follows:

The Pembina Development Co., Ltd. \$ 100,000
Athabasca Investment Co., Ltd. 50,000
Windsor Realty, Ltd. 50,000
Mountain Park Coal Co., Ltd. 1,500,000
Lundin Agencies, Ltd. 25,000
Plainsdealer Co., Ltd., Strathcona Co., Ltd. 20,000
The Workington Supply Co., Ltd. 10,000
Northern Townships, Ltd. 25,000
Mount Pleasant Bata Ltd. 75,000

CENSUS QUESTIONS OF ENUMERATORS

LIST OF FORTY-ONE QUESTIONS WHICH CITIZENS WILL BE REQUIRED TO ANSWER

Census enumerators in Edmonton and in every city and district in Canada this morning commenced their labors in connection with taking the 41st general census of the Dominion of Canada. What a census enumerator requires above all things with the exception of ordinary intelligence is tact. This is strongly impressed upon the men who are engaged in the work, both in the instructions they have received from the commissioners and the book of rules that has been issued for their guidance.

To enter a man's household and ask him if he himself or any relative residing with him is crazy, lunatic, idiot or silly, without a special infection of the voice to convey the impression that the information is really required and the questions are not a deliberate attempt at insult, would undoubtedly

prove a dangerous proceeding.

The work of census taking which commenced this morning will be carried on daily except Sunday until it is completed. It will be impossible for anyone to secure the returns for the various districts until they have been given out officially at Ottawa as every commissioner, enumerator and clerk employed on the job is sworn to secrecy.

In addition to the forms to be filled out as the enumerator makes his rounds he will carry with him a small book containing all necessary instructions for carrying on the work. If a doubt regarding any point that arises while at his work he probably will be able to find a solution for his problem by consulting the volume.

No enumerator is permitted to provide a substitute or to farm out his work to another. It must be done by himself, and completed as soon after June 1st as is practicable. Specific rules for carrying the names of people at certain places are laid down so that the danger of counting one man twice will be reduced to a minimum.

Practically every circumstance under which this may occur is provided for and instructions are given as to the procedure in all such cases.

The secrecy of census information is provided for. Every officer or other person employed in any capacity in census work is required to keep inviolate the secrecy of the information gathered by the enumerators and entered in the schedules or forms. An enumerator is not permitted to show his schedules to any other person or to make any copy of them, or to answer any question concerning their contents directly or indirectly. The same obligation of secrecy is imposed on all commissioners and other employees of the outside service as well as upon every officer, clerk, or other employee of the census office at Ottawa.

The facts and statistics of the census may not be used except for statistical compilations and instructions are given the enumerators to positively assure the people on this point if any fear is entertained that the figures may be used for taxation or any other object.

Following is a list of the 41 questions that will be asked by the census enumerators:

1. Dwelling house.
2. Family, household or institution.
3. Name of each person in family, household or institution.
4. Place of habitation, township or parish, city, town or village, range or concession and lot or cadastral number in township or parish, street and house number if in city, town or village, or other description.
5. Sex.
6. Relationship to head of family or household.
7. Single, married, widowed, divorced or legally separated.
8. Month of birth.
9. Year of birth.
10. Age at last birthday.
11. Country or place of birth. (If in Canada specify province or territory.)
12. Year of immigration to Canada, if an immigrant.
13. Year of immigration if formerly an alien.
14. Racial or tribal origin.
15. Nationality.
16. Religion.
17. Chief occupation or trade.
18. Employment other than chief occupation or trade, if any.
19. Employer.
20. Employer.
21. Working on own account (see instructions.)
22. State where person is employed as "on farm," in "woolen mills," at "furniture shops," in "drug store," etc.
23. Weeks employed in 1910 at chief occupation or trade.
24. Weeks employed in 1910 at other than chief occupation or trade.
25. Hours of working time per week at chief occupation.
26. Total earnings in 1910 at chief occupation or trade.
27. Total earnings in 1910 at other

Our storage vaults provide the most perfect and systematic accommodation for the storage of furs, etc. Charges 3 per cent. of your own valuation. Minimum \$1.00. A telephone message will bring our wagon to your door for the goods.

A FEW ITEMS IN Children's Wear

Quite naturally mothers will look for that element of newness, of distinctive smartness in apparel for their children, with the same critical eye as though they themselves had to wear them. At any rate we bestow equal care in the selection of children's goods as in our famous Ready-to-Wear Department.

Child's Leather Belts, Buster Brown style, in colors of navy, brown, green, black and red 25c

Buster Brown Stockings, heavy 1-1 ribbed cotton hose in black only, double legs, spliced toes and heels, made of specially selected yarns, 6 to 10 35c

Infants' Lace Cashmere Sox, pure wool, cream color 30c

Children's White Muslin Dresses, waist tucked and trimmed with lace and embroidery; skirt trimmed with tucks, lace insertion and embroidery, ribbon heading at waist, sizes 2 to 5 \$1.95

Children's Blue Chambray Dresses, skirt plaited, waist tucked, gibbon effect, neck and sleeves trimmed with bias plaid gingham, belt to match, sizes 6 to 8 \$1.75

Second Floor.

REGULAR \$25.00 and \$35.00 LADIES' SUITS \$14.95

The steady growth of business in our Ready-to-Wear Department compels us at certain intervals to sacrifice, that is to say we sell at your own figure. We are now selling suits at about \$5.00 and \$10.00 below cost, all this season's buying, to make room for our summer importations. Suits in the prevailing tones of greys, blues, greens and browns and possessing the smart cut of finished tailoring, all sizes from 34 to 40. Sale \$14.95 Price

A \$1.75 Sateen Underskirt 79c

Heavy Sateen Underskirts with fitted top, fifteen-inch flounce at bottom tucked and shirred, in black, grey and red. Reg. \$1.75. Sale Price 79c

Sweeping Clearance of Brussels Squares

We have on sale tomorrow without question the most delightful assortment of Brussels Carpet Squares that ever came to our store. Delightful not alone in their beauty of design and color elegance, but in their service excellence and price littleness. We guarantee them to give good service satisfaction. If you want a rich carpet for a dining room, hall, parlor, living room, den or library, take a look at these. They will wear like iron and they come in the wanted sizes at the following tempting prices:

- 3 1/4 Yards Wide by 4 Yards, green ground with red patterns. Regular \$36.50. Sale Price \$24.25
- 3 1/2 Yards by 4 Yards, dark red ground with new fawn patterns. Regular \$35.50. Sale Price \$23.25

GULL LAKE

THE EUREKA RESORT

We are the exclusive agents for this beautiful summer resort. We have a few water front lots left and these will not last long; these are all good lots. Below is a list of a few of the many owners: Judge Stuart, Hon. A. C. Rutledge, Senator Talbot, W. F. Puffer, M.P., A. E. Ferncombe, C. E., and many more that we will be pleased to show you. We will sell only twelve of these lots and then the price will advance \$100.00 per lot. There will be built an Electrical Railroad to these lots at once. Don't delay. The price is \$100.00 each. One third cash and six and twelve months on the balance.

We want listings in Inglewood, Groat, Gellora, at once, as we have a large number of good buyers.
